

Hand-drawn sketch of a mobile phone screen displaying a registration form. The form includes the following elements:

- Email:** A text input field containing the placeholder text "xxxxxxx@xxxx.com".
- First and last name:** A text input field.
- Password:** A text input field.
- Save:** A button located below the password field.

The entire sketch is watermarked with "NinjaMock".

A mobile app mockup showing a user profile form. The form is displayed on a smartphone screen with a black border. At the top of the screen, there are three status icons: a signal strength indicator, two circles, and a camera icon. The form itself is a white rectangle with a black border. It contains a profile picture placeholder (a black silhouette of a person's head and shoulders) and a text input field labeled "First and last name". Below this, there are two dropdown menus labeled "Sex" and "Blood Type". Further down, there are four more dropdown menus labeled "City", "State", "Country", and "Zip Code". The entire form is overlaid with a "NinjaMock" watermark.

The mockup shows a mobile application interface for managing donations. At the top is a red header bar with a globe icon, the title 'My Donations', a pencil icon for editing, and a menu icon. Below the header is a user profile section featuring a silhouette of a person and several input fields: 'First and last name', 'Sex', 'Blood Type', 'City', 'State', 'Country', and 'Zip Code'. A table below this section displays donation records with columns for 'Name', 'Hospital Name', and 'Date'. A modal dialog is open over the table, titled 'Choose Blood Type Needed', with 'Cancel' and 'Submit' buttons. A yellow circular button with a black blood drop icon is located at the bottom right of the screen.
